RESUME

Name : **Ovya Anand**

Reg.No : **917722H037**

Degree : **B.TECH**
Computer Science and Business Systems(CSBS)

Professional Objective

I am a determined Computer science and business systems undergraduate seeking a challenging IT sector role. I am Confident in my multi-tasking skills and always determined to finish tasks in fast-paced, deadline driven environment, demonstrating strong organizational, analytical and inter personal skills, I am Comfortable in working at a mixed cultural environment supported by my communication skills.

Academic Record

Class/Course	Name of the Institution	Board of Study	Year of Passing	% of Marks /CGPA
B.TECH. (CSBS)	Thiagarajar College of Engineering, Madurai.	Anna University	2026	8.25*
HSC	Cauvery global Senior Secondary School, Tiruchirappalli.	CBSE	2021	89.5%
SSLC	Care International School, Tiruchirappalli.	CBSE	2019	96.2%

*CGPA up to VI semester

Areas of Interest

- Data Science
- DBMS
- Software design and development

Computer Proficiency

- Programming Languages & web technologies: C++, Python, SQL, MongoDB
- Data visualization :Google Colab, PowerBI (Basics), ENVI
- Editing and designing :Canva, Draw.io, dia tool, Adobe express

Certification Course(s)

- Completed foundational level in Data science and applications degree from IIT MADRAS.
- Currently pursuing diploma in Data Science from IIT MADRAS which includes theory and projects in the coursework.
- Completed Internship at CVRDE Chennai titled, "Study of AUTOSAR Architecture for Automotive Controller Development".
- Completed "Human Computer Interaction" certification course in NPTEL

Project(s)

Title	Cat inspect- A vehicle inspection web application
Objective	To simplify the work of cat vehicle inspectors.
Description	Explored MERN stack in this project with inspectors, customers and vehicles modules with data stored in Mongo DB. (I have contributed for the vehicle module and front end)

Title	Chat Gov- Government schemes chat-bot
Objective	To help various schemes reach the targeted citizens.
Description	A trained chat-bot with text and speech recognition which accepts questions related to government schemes as input and outputs detail regarding the scheme. (contributed for speech recognition module using Stream lit in python)

Title	Urban change Analysis using ML
Objective	To detect and predict changes in Madurai region
Description	Sentinel-2 images of Madurai region from the year 2019 to 2024 were collected and processed for classifications in ENVI software. Additionally, the bands were preprocessed and trained using ML models in Google colab using python libraries.

Achievements

- Participated in the Caterpillar Code-a-thon
- Presented a research paper on “Chat Care: An interactive chatbot using generative AI”(Healthcare Chatbot) in the ICDAM 2024 conference
- Third prize at the Vying Allegory event held at Paradox-the annual techno-cultural fest of the IIT-Madras online degree program
- Second prize for oratory competition during the Pragyan event held at NIT TRICHY in 2015

Leadership Qualities

- Currently acting as the General secretary of the official Music club of the college for the academic year 2025-2026.
- Served as the Joint secretary of the official Music club of the college for the academic year 2024-2025.
- Appointed as the Magazine lead of Computer Science and Business systems Association.
- Performed the role of team lead in class presentations and project reviews.

Co-Curricular Activities

- Bachelors in Hindi Language- Praveen Uthardh
- Conducted department level events.
- Well known for my writing, oratory and debating skills with good presentation ability

Extra-Curricular Activities

- Diploma in Vocal music from Kalai Kaveri college of arts, Tiruchirappalli.
- Participated in inter college cultural YUKTHI held at TSM and YUGAM at KCT
- Won prize for Dance performance in intra department event
- Performed at college and hostel culturals

Hobbies

- Listening and recording music.
- Dancing.
- Watching Thriller movies and series
- Connect with and explore new people and culture

.
